Ms. Rashby - EPA required only that the documents be in PDF format (preferably OCR'd, as well), but the remainder of the listed PDF formatting was only a request, not a requirement. Therefore, it is acceptable to submit the document as you requested. If you have any further questions, please feel free to contact me.

Subject Nudelman and Son Inc. Site - 104e Response

Hello Ms. Koch,

I work with Connie Sue Martin, representing Marvin Nudelman. We are assembling the documents to support our client's response to EPA's 104e Request, due on Friday, September 25. I would like to request permission to provide our supporting documents on a disk in standard PDF format, accompanied by a detailed index, rather than as bookmarked PDFs. Our firm does not have the in-house ability to prepare PDFs in compliance with EPA's requested standards, and our client does not have the resources to pay to have this done by an outside vendor.

Please let me know if PDFs with a detailed index will suffice. Thank you for your courtesy and attention.
